

Quality Auditor / Supervisor

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Experienced Quality Auditor with a strong background in supervising and coordinating technical projects in high-pressure environments. Proven ability to ensure compliance with safety and quality standards while managing complex installations and inspections. Skilled in performance audits and process improvement, particularly in the renewable energy sector. Committed to enhancing operational efficiency and reliability of equipment prior to site installation.

KEY ACHIEVEMENTS

Performance Audits: Conducted performance and quality audits for RTE, ensuring compliance with procedures during high voltage equipment installations.

Nacelle Assembly Supervision: Oversaw the assembly of 64 nacelles for offshore wind turbines, improving production processes and quality assurance.

Quality Inspection Reporting: Implemented weekly quality inspection reports, enhancing communication and documentation of production activities.

PROFESSIONAL EXPERIENCE

Auditeur

RTE

Juin 2025 à ce jour

- Conducting performance and quality audits for high voltage equipment installations.
