Rope Access Technician / NDT Inspector

JB

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

IRATA Level 3 Rope Access Technician and NDT Level II Inspector with over 5 years of experience in offshore and industrial environments. Specialized in Eddy Current and Magnetic Particle Testing, working at height and in confined spaces under strict HSE standards. Certified Drone Pilot for industrial inspections, capable of supporting drone-based inspection activities in offshore wind and oil & gas sectors. Strong safety mindset with proven experience in PTW, JSA, and LOTO systems, delivering high-quality inspection, maintenance, and integrity services.

KEY ACHIEVEMENTS

NDT Level II Inspector: Conducted NDT inspections on welded joints and metallic structures, ensuring compliance with safety standards.

Drone Pilot for Industrial Inspections: Certified Drone Pilot supporting inspection activities in offshore environments, enhancing operational efficiency.

Rope Access Technician: Performed rope access inspections and executed industrial maintenance activities at height, adhering to strict safety protocols.
