Project Manager / SURF Manager

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Experienced Project Manager with over 20 years in engineering and construction, specializing in offshore and subsea projects. Proven track record in managing multi-discipline project teams and delivering complex EPCI projects. Strong expertise in floating wind projects and project coordination from design to installation. Known for effective risk management and commercial negotiations, ensuring project success and stakeholder satisfaction.

KEY ACHIEVEMENTS

SURF Package Delivery: Successfully managed the SURF package for the Pecan ultra deepwater field project, overseeing a contract valued at 800MUSD.

Floating Wind Project Sponsorship: Spearheaded the EOLMED pilot project for floating foundations, enhancing offshore wind activity within the company.

Tender Project Management: Led tendering processes for EPCI projects in the oil and gas sector, ensuring comprehensive project execution plans.
