

# Lead Pipeline Engineer

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

## EXECUTIVE SUMMARY

Internationally experienced Chartered Mechanical Engineer with 37 years in the oil and gas industry, specializing in offshore pipeline and subsea projects. Proven expertise in engineering design, procurement, construction, and project supervision. Strong background in managing complex projects with a focus on technical, commercial, and contractual aspects. Known for reliability, autonomy, and a commitment to safety in high-stakes environments.

## KEY ACHIEVEMENTS

**Lead Pipeline Engineer:** Successfully managed the pre-FID stage of the Deep Water Tano Cape Three Points project, optimizing contractor offers and ensuring compliance with technical specifications.

**Lead Pipelay Engineer:** Oversaw the installation of the 36" Baltic Pipe, achieving mechanical completion and ensuring safety and quality standards were met.

**Senior Project Engineer:** Directed the installation of twin Nord Stream 2 pipelines, managing contractor performance and risk assessments to maintain project timelines.

## PROFESSIONAL EXPERIENCE

### Lead Pipeline Engineer

PECAN ENERGIES A.S., Lysaker, Norway

April 2024 - present

- Leading the technical evaluation team for the Deep Water Tano Cape Three Points project.
- Conducting tender evaluations and interfacing with contractors.
- Reviewing FEED documentation and managing contract specifications.

### Pipelay & Rock Placement Lead Engineer

CONSUB SWITZERLAND AG, Switzerland

January 2023 -  
September 2023

- Provided engineering support for pipeline repair scenarios and contractor pre-qualifications.
- Participated in HAZID and risk assessments.
- Developed construction risk assessments.

### Lead Pipelay Engineer

GAZ-SYSTEM S.A., Warsaw, Poland

August 2020 -  
December 2022

- Oversaw offshore pipeline installation for the Baltic Pipe project.

## TECHNICAL SKILLS

- Pipeline engineering
- Subsea installation
- Project management
- Tender evaluation
- Risk assessment
- Contract management
- Engineering documentation review

## SOFT SKILLS & PERSONALITY TRAITS

- Reliable
- Autonomous
- Safety-focused

## EDUCATION & TRAINING

- B Eng. (Hons) in Mechanical Engineering – University of Liverpool (1988)
- Marine Engineering 4th Class Certificate of Competency (Motor Ship) – 1985
- 1-week TOTAL RSES (HSE) site management training – 2021
- Working knowledge of French and Italian – Language Proficiency

Quality, Integrity, Reliability

OIM France SAS

RCS Nantes 948296983

6 rue Bois Robillard, 44 300 Nantes, France

- Managed seabed intervention works and pipeline pre-commissioning activities.
- Reviewed contractor documentation and ensured compliance with safety standards.

### **Senior Project Engineer**

*NORD STREAM 2 AG, Zug, Switzerland*

*April 2016 – August  
2020*

- Oversaw offshore pipeline installation for Nord Stream 2, managing contractor performance.
- Conducted risk assessments and liaised with certification authorities.
- Participated in daily operations and contractor meetings.

### **Offshore Engineer**

*SOUTH STREAM TRANSPORT B.V., Amsterdam,  
The Netherlands*

*June 2014 – March  
2016*

- Managed offshore pipeline installation contractor for South Stream Line 1.
- Reviewed contractor documentation and participated in risk assessments.
- Liaised with third-party certification authorities.

### **Flowline Engineer**

*TOTAL E&P CONGO, Paris, France*

*August 2013 – May  
2014*

- Oversaw EPC contractor for pipeline construction on the Moho Nord UFR project.
- Managed procurement and construction activities.
- Ensured compliance with engineering standards.

### **Senior Project Engineer**

*NORD STREAM AG, Zug, Switzerland*

*January 2008 – July  
2013*

- Oversaw installation of Nord Stream gas pipelines, managing contractor performance.
- Conducted risk assessments and liaised with certification authorities.
- Participated in daily contractor meetings.

### **Pipeline & Subsea Tie-in Engineer**

*TOTAL E&P CONGO, Paris, France*

*December 2004 –  
December 2007*

- Managed EPC contractor for pipeline construction and installation.

**Quality, Integrity, Reliability**

**OIM France SAS**

RCS Nantes 948296983

6 rue Bois Robillard, 44 300 Nantes, France

- Supervised pipeline design and installation operations.
- Ensured compliance with safety and engineering standards.

### **Senior Pipeline Engineer**

*SAIPEM SpA, Milan, Italy*

*Mar 2001– November  
2004*

- Led design and installation of pipelines for various projects.
- Prepared installation manuals and specifications.
- Managed contractor performance and compliance.
