

Quality Control Leader / Inspection Manager

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Senior Inspection and Quality Control professional with over 34 years of international experience in the offshore energy, maritime, and renewable sectors. Proven expertise in inspection management, ISO 9001 quality systems, and offshore wind turbine maintenance. Strong leadership background with experience managing teams of over 60 contractors and delivering major inspection and repair projects under challenging conditions. Committed to maintaining high standards of safety and quality in all operations.

KEY ACHIEVEMENTS

Inspection Management: Led inspection management for offshore wind turbine and OSS coating repairs, ensuring compliance with ISO 9001.

Quality Control Leadership: Directed quality control teams for major FPSO and offshore projects across Africa, managing multimillion-dollar inspection programs.

Risk-Based Inspection Implementation: Implemented risk-based inspection processes (API 580) that improved asset integrity management and reduced downtime.

PROFESSIONAL EXPERIENCE
