

Offshore Construction Manager

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

A highly skilled industry professional with extensive experience in engineering and management roles across oil, gas, and renewable energy sectors. Proven track record as an independent contractor and in senior engineering positions, adept at identifying engineering challenges early to save time and costs. Expertise in subsea installation, pipeline repair, and project management, ensuring safety and quality solutions. Strong ability to collaborate with stakeholders to meet technical and commercial interests in complex offshore environments.

KEY ACHIEVEMENTS

Saturation Diving Campaign Leader: Led engineering team for flexible riser replacement in Angola, ensuring compliance with local and company standards.

Nord Stream Recovery Task Force Lead Engineer: Developed strategies for stabilizing ruptured pipelines under challenging conditions.

Baltic Pipe Project Lead Engineer: Managed construction and installation of a bi-directional pipeline from Denmark to Poland, ensuring HSSE compliance.

PROFESSIONAL EXPERIENCE

Construction Manager

MARIAT Ltd. – Angola

Sep 2023 – Present

- Leading engineering team for Saturation Diving campaign.
- Integrating mobile diving spread onto Normand Vision vessel.
- Planning offshore campaign logistics in challenging conditions.

Lead Engineer

MARIAT Ltd. – Poland

Jan 2023 – Sept 2023

- Developed solutions for Nord Stream pipeline ruptures.
- Identified feasible stabilization methods under extreme conditions.
- Created schedules and budgets for repair scenarios.

Lead Engineer

MARIAT Ltd. – Poland

July 2020 – October 2022

- Managed construction of gas pipeline landfall and micro-tunnel systems.

TECHNICAL SKILLS

- Saturation Diving
- Pipeline Installation
- ROV Inspection
- Subsea Engineering
- Project Management
- HSSE Compliance

SOFT SKILLS & PERSONALITY TRAITS

- Reliable
- Autonomous
- Meticulous
- Safety-focused

EDUCATION & TRAINING

- BEng (Hons) Mechanical Engineering 2:1 – University of Dundee (2004)
- Full UK BOSIET & Offshore Medical – Provider

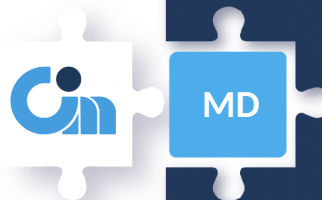

Quality, Integrity, Reliability

OIM France SAS

RCS Nantes 948296983

6 rue Bois Robillard, 44 300 Nantes, France

- Reviewed procedures and ensured HSSE compliance.
- Oversaw project from design to final compilation of as-built data.

Senior Client Representative

Zennor Petroleum – UK

July 2019 – June 2020

- Led offshore operations for rigid pipelay and umbilical installation.
- Ensured HSE and technical interests were upheld.
- Collaborated with contractors for successful project delivery.

Client Representative

ENQUEST – UK

*March 2019 – August
2019*

- Oversaw installation of Pipe-in-Pipe production pipeline.
- Ensured contractor preparedness and compliance with technical standards.
- Managed operations for pipeline replacement project.

Client Engineer

South Stream Turkstream Transport BV – Turkey

*Aug 2018 – March
2019*

- Led client representation for pipeline installation.
- Reviewed contractor procedures for HSE compliance.
- Ensured technical interests were upheld during operations.

Client Representative

Ithaca Energy – UK

March 2018 – Present

- Managed pipeline tie-back operations for Stella MDC manifold.
- Maintained client's HSE and technical interests during operations.
- Supported seabed intervention operations as needed.

Client Representative

DONG Energy – Various Locations

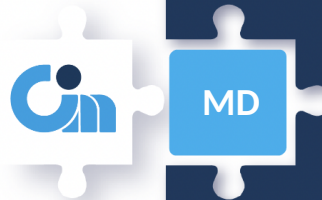

*February 2016 –
October 2016*

- Conducted inspection campaigns at wind farms across Europe.
- Utilized air diving and ROV for maintenance operations.
- Ensured client's technical and commercial interests were represented.

Senior Project Engineer

DeepOcean – Alaska

*September 2015 –
January 2016*

- Conducted concept study for pipeline trenching in Arctic conditions.
- Addressed unique weather and seabed challenges.
- Project halted due to strategic changes by Shell.

Client Representative

Philips 66 – UK

*April 2015 –
September 2015*

- Oversaw installation of rigid pipeline and PLEM.
- Managed contractor operations for pipeline hook-up.
- Ensured compliance with HSE and technical standards.

Regional Director

Reef Subsea – UK

*January 2014 – March
2015*

- Led UK operations and business development across regions.
- Oversaw QHSE and engineering teams for seabed intervention.
- Maintained productivity and profitability during challenging phases.

Construction Manager

Petro SA (PDi Ltd) – South Africa

*March 2013 –
December 2013*

- Led onshore engineering team for multi-well field development.
- Executed construction and tie-in operations offshore.
- Managed saturation diving system operations.

Senior Project Engineer / Operations Manager

AGR Group – UK & Australia

*December 2006 –
March 2014*

- Managed subsea operations for Perth and UK businesses.
- Worked as Client Engineer for major operators.
- Oversaw various engineering and operational roles.

Project Engineer

PSL Energy Services – UK and Norway

*May 2004 – August
2006*

- Worked on hydraulic workover and subsea projects.
- Promoted to subsea department for pipeline trenching and inspection.
- Managed commissioning and maintenance operations.
