Wind Turbine Technician / Electrical Technician

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Experienced Wind Turbine Technician and Electrical Technician with a strong background in maintenance and inspections of wind turbines. Proven expertise in electrical and mechanical systems, quality control, and safety procedures. Skilled in documentation and reporting for operational records. Demonstrates reliability, autonomy, and a commitment to safety in high-pressure environments.

KEY ACHIEVEMENTS

Wind Turbine Maintenance: Successfully conducted maintenance and inspections on Siemens 4.0 MW turbines at the OAP 'DanTysk' project in Denmark.

Nacelle Retrofit Tasks: Executed nacelle retrofit tasks on GE Haliade 150-6 MW turbines, ensuring compliance with technical documentation and quality standards.

Electrical and Mechanical Repairs: Diagnosed and repaired mechanical and electrical issues at SHELL ROTTERDAM, enhancing operational efficiency.
