Subsea Fiber Optic Tester / Electrical & Fiber Optic Technician

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Telecommunications and multi-technical maintenance professional with 15 years of experience across GSM, FTTH, data centers, and broadcast systems. Recently gained offshore experience in submarine cable installation and testing operations, including test room activities, OTDR/C-OTDR monitoring, PFE procedures, and power down/up operations. Motivated to develop a long-term career as a System Technician in subsea cable operations, with a strong focus on safety, teamwork, and operational discipline. Proven ability to ensure compliance with safety procedures and perform fault troubleshooting effectively.

KEY ACHIEVEMENTS

Submarine Cable Installation: Performed OTDR testing, optical measurements, and fault localization during cable installation for major projects.

Broadcast Infrastructure Maintenance: Managed maintenance of broadcast infrastructure at the Eiffel Tower, ensuring optimal performance of TNT/FM transmission systems.

Data Center Technical Management: Oversaw maintenance of critical infrastructure, including HVAC and electrical systems, ensuring operational reliability.

PROFESSIONAL EXPERIENCE

Submarine Fiber Optic Tester

SUBCOM — ***2025-2026***

- Conducted test room operations during submarine cable installation.
- Performed optical testing and monitoring of repeaters and branching units.
- Ensured compliance with power safety procedures.

Maintenance Manager Broadcast Infrastructure

TDF Eiffel Tower, France — ***2022–2024***

- Managed maintenance of broadcast infrastructure TNT/FM transmission systems.
- Monitored and maintained cooling systems, HVAC, UPS, and diesel generators.

TECHNICAL SKILLS

- OTDR
- C-OTDR
- Power meter
- PFE
- CTE
- Voltage/Current testing
- Grounding
- GSM 3G/4G
- FTTH
- Broadcast Radio Frequency
- Submarine Cable Testing

SOFT SKILLS & PERSONALITY TRAITS

- Safety-focused
- Team-oriented
- Operational discipline

EDUCATION & TRAINING

- Higher National Diploma (BTS) in Electrical Engineering – 2009
- High School Diploma (STI) in Electrical Engineering – 2007
- STCW Basic Safety Training – Provider Unknown
- Seaman's Book – Provider Unknown
- B1/B2 – C1/D US Visa – Provider Unknown
- Offshore Medical Certificate – Provider Unknown

FE

Technical Manager Data Center

Ministry of Economy and Finance **2018 – 2021**

- Maintained critical infrastructure including HVAC and electrical systems.
- Oversaw access control systems.

FTTH Network Maintenance

Departmental Council 92 **2015 – 2018**

- Maintained the horizontal FTTH network from the NRO to the building entry point.

Works Coordinator FTTH

Axione **2012 – 2014**

- Coordinated deployment of underground and aerial fiber optic networks.

Telecom Technician GSM

Orange **2010 – 2012**

- Installed and maintained 3G/4G mobile network equipment.
