Quality Inspector / Rope Access Technician

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Experienced Rope Access Technician with over 5 years in offshore wind projects, specializing in QA/QC inspections. Proven track record in conducting final walkdown inspections and defect reporting, with a strong emphasis on safety and compliance. Skilled in client coordination and reporting, ensuring high standards during commissioning processes. Eager to further develop in QA/QC inspection roles within the offshore sector.

KEY ACHIEVEMENTS

Quality Inspector: Conducted final walkdown inspections on 8MW offshore wind turbines, ensuring compliance and safety.

Rope Access Technician: Performed inspections, installations, and maintenance on offshore wind turbines, supporting commissioning and defect correction.

QA/QC Compliance: Managed SNAG/NCR reporting and defect identification, enhancing operational efficiency.
