Senior Marine Projects and Subsea Specialist

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Experienced Senior Marine Projects and Subsea Specialist with a strong background in offshore engineering and project management. Proven expertise in managing subsea operations, installation, and construction across various international projects. Skilled in coordinating marine logistics, ensuring safety compliance, and leading multidisciplinary teams. Committed to delivering high-quality results while adhering to best practices and engineering standards.

KEY ACHIEVEMENTS

Project Lead for GBS Installation: Successfully coordinated the installation of 71 concrete Gravity-Based Structures for the Fécamp offshore wind farm, ensuring compliance with engineering standards.

SURF Installation Engineer: Led the SURF installation for the Ikike Project in Nigeria, managing a budget of 20 MUSD and overseeing the installation of subsea clamps and risers.

FPSO Coordination: Managed FPSO operations for the ENI Baleine 2 Project, ensuring effective communication between contractors and adherence to safety protocols.
