

Rope Access Technician / Painter & Blaster (Offshore)

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Angolan rope access technician with nearly seven years of offshore experience supporting maintenance and coating works on FPSOs and rigs. Skilled in rope-access painting and blasting, including surface preparation to ST2/ST3 standards and application of primer, intermediate and top coats. Experienced with overboard touch-up activities using spray equipment and with abrasive blasting to multiple SA cleanliness levels. Also supports maintenance tasks such as chain block and sling installation and basic mechanical dismantling/erection activities on water pipelines and exchangers. Safety- and quality-focused, able to work at height in demanding offshore environments and communicate across multicultural teams.

KEY ACHIEVEMENTS

Offshore rope-access coating work (2013–2019): Performed rope-access painting activities on offshore gas pipelines in Block 17 (Dalia), including surface preparation, masking, priming, intermediate and top coating.

Abrasive blasting to specified cleanliness levels: Executed blasting on ropes using blasting machines, compressors and accessories to SA1, SA2, SA2½ and SA3 requirements.

Overboard touch-up operations: Carried out overboard touch-up coating activities on ropes using a spray gun in offshore environments.

Maintenance support and lifting equipment installation: Supported maintenance teams by installing chain blocks and slings and performing related on-site rigging support tasks.

PROFESSIONAL EXPERIENCE

Rope Access Painter/Blaster (Offshore)

Block 17 – Dalia (Offshore)

From 2013 to 2019

- Prepared pipe surfaces prior to painting using MBX, chipping hammer, sanding machine and needle gun to ST2/ST3 requirements.
- Applied masking, primer, intermediate and top coats (e.g., Carbomastic, Carboguard 893, Carbothane A&B) and performed overboard touch-up using spray gun.
- Performed rope-access abrasive blasting using blasting machine and compressors to SA1/SA2/SA2½/SA3 standards.

Rope Access Technician / Painter & Blaster

Girassol FPSO / Block 15; Kizomba B / Block 31;

BP FPSO

TECHNICAL SKILLS

- IRATA rope access
- Rope transfer techniques (long transfer, rebelay, straight rope, rope transfer, deviations, passing knots)
- Rescue system (rope access)
- Offshore painting and coating
- Surface preparation (MBX, chipping hammer, sanding machine, needle gun)
- Surface preparation standards ST2/ST3
- Masking and priming
- Intermediate and top coating application
- Paint systems: Carbomastic, Carboguard 893, Carbothane Part A&B
- Spray gun application
- Abrasive blasting
- Blasting cleanliness levels SA1, SA2, SA2½, SA3
- Blasting machine operation
- Compressor operation
- Chain block installation
- Slings/rigging basics
- Bolting machine use
- Air cutting machine use
- Industrial electricity (training)
- Computer skills (Windows, Word, Excel, PowerPoint)

SOFT SKILLS & PERSONALITY TRAITS

- Safety-minded
- Quality-focused
- Dedicated

Quality, Integrity, Reliability

Ocean Inspection and Maintenance
30 Cecil Street, 19-08 Prudential Tower,
Singapore, 049712

- Executed rope-access painting/blasting duties in offshore FPSO environments.
- Supported maintenance activities including chain block and sling installation.
- Performed dismantling/cutting/erection tasks on water pipelines and water exchanger using bolting and air cutting machines.

Maintenance Technician (Chain Blocks/Rigging Support)

- Installed chain blocks and slings as part of maintenance department activities.
- Supported on-site maintenance execution in offshore/industrial environments.
-

- Continuous improvement mindset
- Effective communication
- Interpersonal skills
- Adaptability in multicultural teams

EDUCATION & TRAINING

- 12th Grade
- Painting Course (IAS/SAQCC) – International certificate
- Blasting Course (IASC/SAQCC)
- Rope Access Training (IRATA) – International certificate (2013)
- Computer Science Training (Windows, Word, Excel, PowerPoint)
- Industrial Electricity (training)
- Languages – English, French, Portuguese
