Managing Director / Well Service Manager

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Experienced Managing Director with a strong background in overseeing business operations and ensuring strategic goals are met in the oil and gas industry. Proven track record in customer account management and project execution, particularly in subsea operations. Skilled in financial performance oversight, team leadership, and maintaining compliance with industry standards. Committed to fostering relationships with stakeholders and driving operational excellence.

KEY ACHIEVEMENTS

Business Strategy Development: Successfully developed and executed comprehensive business strategies that significantly improved company performance and client satisfaction.

Project Management Excellence: Led the Pazflor Project to meet financial objectives and quality standards, ensuring timely execution within budget.

Operational Efficiency Improvement: Implemented processes that enhanced the operational efficiency of subsea equipment management, resulting in reduced downtime.
