

# Rope Access Technician / Industrial Maintenance

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

## EXECUTIVE SUMMARY

Rope access and industrial maintenance professional with experience working at heights, scaffolding, surface preparation, and industrial painting. Has supported technical inspections and assisted NDT activities on offshore oil and gas assets, including FPSO operations and shutdown support. Certified Rope Access Level 2 with additional rigging and industrial painting training, with a strong focus on safe execution and compliance. Comfortable working in multidisciplinary teams and coordinating with safety personnel to deliver efficient field operations. Currently completing a degree in Banking and Insurance Management, bringing structured organization and reporting skills to site work.

## KEY ACHIEVEMENTS

**Offshore inspection support:** Assisted NDT activities on the FPSO Mondo (Block 15) and supported technical inspection work during assignments with Apave.

**Shutdown and scaffolding support:** Worked as a scaffolding helper during the Girassol shutdown, contributing to safe access and execution of maintenance activities.

**Rope access maintenance execution:** Performed maintenance at heights and inspected access equipment while ensuring operational safety during rope access missions at Lassarat.

**Industrial painting and team supervision:** Delivered surface preparation and painting activities and supervised work teams during industrial and residential painting assignments.
