

Rope Access Technician / Safety Leader

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Yuri Joaquim Francisco is a high-level Angolan offshore professional with extensive experience as a Permit Coordinator and Work Leader. He has demonstrated capability in supervising multidisciplinary teams on FPSOs and offshore platforms, ensuring compliance with safety regulations. His expertise includes managing Permit-to-Work systems and leading confined space entry operations. With certifications in Rope Access Level 3 and various offshore safety programs, he is fully deployable and committed to maintaining high safety standards.

KEY ACHIEVEMENTS

Rope Access Operations: Supervised high-risk offshore operations ensuring safety compliance and effective team management.

Permit-to-Work Management: Successfully managed PTW compliance for confined space and high-risk activities.

Safety Inspections: Conducted safety inspections and led toolbox talks to enhance operational safety.
