

Senior Production Engineer

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Experienced Petroleum Engineer with extensive expertise in production optimization, artificial lift systems, and management of drilling and well completion activities. Proven track record in enhancing oil and gas production through innovative strategies and multidisciplinary team coordination. Strong background in HSE practices and resource administration, with a focus on economic analysis and budget management. Adept at implementing new technologies and practices for reservoir exploitation, ensuring efficient operations in both upstream and downstream facilities.

KEY ACHIEVEMENTS

Production Optimization: Increased oil production by 15 MB/D through strategic changes in exploitation methods at Oritupano Field.

Database Development: Designed a production parameters database that reduced oil production losses and improved response times for well closures.

Team Coordination: Led multidisciplinary teams to optimize production processes, achieving over 50 thousand oil barrels per day.

PROFESSIONAL EXPERIENCE

Senior Production Engineer (Production Team Leader)

SONANGOLPP – Block 3-05, Angola

2010 – 2014

- Coordinated production methods activities for optimization of oil and gas production.
- Identified and proposed modifications to remove bottlenecks in production processes.
- Developed a database for production parameters to enhance operational efficiency.

Technical Service Consultant of Reservoirs Exploitation

ATILICA, El Tigre, Venezuela

2004 – 2009

- Managed reservoir optimization and developed a ten-year business plan.
- Increased oil production through strategic changes in exploitation strategies.

Medium Oil Manager

PDVSA, San Tomé, Venezuela

2000 – 2002

TECHNICAL SKILLS

- Production optimization
- Artificial lift systems
- Database management (PDMS)
- Oil and gas extraction techniques
- HSE best practices
- Software: WELLFLO, PIPESIM, CENTINELA

SOFT SKILLS & PERSONALITY TRAITS

- Excellent communication
- Teamwork in multidisciplinary environments
- Adaptability to work in various locations

EDUCATION & TRAINING

- Petroleum Engineer – Universidad de Oriente (1981)
- Strategic Planning, Business and Finance – Caracas (2002)
- Advanced Production Solutions Forum – Schlumberger-Dowell (1996)
- Future Technology in Venezuela – Halliburton (1988)
- Sand Control Seminar – Oil & Gas Consultants International Inc. (1984)
- Languages: Spanish (Native), Portuguese (Fluent), English (Fluent)

Quality, Integrity, Reliability

OIM France SAS

RCS Saint Nazaire 948 296 983
12, allée des Alizés + 44380 PORNICHET,
France

- Coordinated geology, reservoir, and production engineers for light and medium crude production.
- Managed upstream handling fluid facilities and implemented new technologies.

Medium Oil Manager

PDVSA, Anaco Corpoven S.A.

1997 – 2000

- Developed gas exploitation plans and coordinated integrated studies for gas production.
- Optimized budget control and operational management for light crude production.

Oil & Gas Extraction Leader

Monagas North Corpoven S.A.

1995 – 1997

- Led development of oil fields to optimize production rates.
- Coordinated installation of high-pressure gas injectors and production testing.

Light Oil Transportation and Management Leader

Monagas North Corpoven

1992 – 1995

- Monitored storage and transportation of light oil, ensuring quality and volume delivery.
- Proposed automation routines to increase pumping capacity.

Heavy Oil Leader

PDVSA, San Tomé

1988 – 1992

- Supervised extraction and treatment processes in heavy crude areas.
- Coordinated projects to increase oil production using intelligent drive controls.

Production Engineer

Meneven S.A. (PDVSA)

1983 – 1988

- Elaborated oil and gas production plans and conducted well testing.
- Optimized petroleum extraction through artificial lift methods.

Engineer of Drilling, Workover and Repair of wells

Meneven S.A. (PDVSA)

1981 – 1983

- Selected production methods and designed installations for natural flow and artificial lift wells.
