

QC Welding & Fabrication Inspector

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

QC Welding and Fabrication Inspector with extensive experience across metal fabrication, ship repair, offshore and petrochemical pipeline environments in Namibia and South Africa. Skilled in dimensional and visual inspection against drawings, specifications and material standards, with strong focus on final product acceptance and client sign-off. Experienced in compiling Quality Data Books and supporting quality systems and audits, including work aligned to DNV and ISO standards. Competent in developing welding documentation such as WPS/PQR and supporting welder qualifications (WQR). Holds Level 1 inspection certifications (SAIW Welding & Fabrication Inspector, PT and MT) and offshore safety/medical training, with a safety-minded and reliable approach in demanding industrial settings.

KEY ACHIEVEMENTS

DNV and ISO-aligned quality work: Performed inspection and sign-off activities on DNV cages to DNV 2.7-1 and 2.7-3 standards and supported audits aligned to ISO 45001/9001 and ISO 17020 while at 3C Metal Belmet.

Major industrial and offshore projects exposure: Contributed QC inspection support across multiple high-profile projects and clients including De Beers AMV3/ADS (Benguella Gem), offshore drill ships and service providers (e.g., Schlumberger, Oceaneering, Seadril, Valaris, Odfjell Drilling, Baker Hughes).

Welding procedure documentation: Developed and supported welding procedure and qualification documentation including WPS/PQR and WQR as part of QC Welding and Fabricating Inspector duties at RITC Namibia.

Uranium sector fabrication and refurbishment: Supported QC inspection for Rossing Uranium new acid leach tanks construction and Husab Uranium refurbishment of hauling truck bins during tenure at NEC Stahl Namibia.

PROFESSIONAL EXPERIENCE

QC - Welding and Fabricating Inspector

RITC Namibia

2025 - 2026

- Inspected fabricated items for dimensional compliance against drawings, specifications and material standards.
- Compiled Quality Data Books and performed visual welding checks and final product inspections.
- Developed PQR and WPS including WQR.

TECHNICAL SKILLS

- QC welding inspection
- Fabrication inspection
- Dimensional inspection vs drawings/specifications
- Visual welding inspection (VT)
- Final product inspection and sign-off
- Quality Data Book compilation
- WPS development
- PQR development
- WQR support
- DNV 2.7-1 / 2.7-3 compliance (cages)
- ISO 45001 / ISO 9001 audit exposure
- ISO 17020 exposure
- Ship repair inspection
- Pipeline refurbishment/repair inspection (petrochemical)
- Magnetic Particle Testing (MT) Level 1
- Dye Penetrant Testing (PT) Level 1
- SAIW Welding & Fabrication Inspector Level 1
- BOSIET (offshore survival)
- OGUK Medical

SOFT SKILLS & PERSONALITY TRAITS

- Leadership
- Management
- Organized
- Communication
- Hard-working
- Innovative
- Ambitious
- Quick learner
- Initiative-taking
- Customer-focused

Quality, Integrity, Reliability

Ocean Inspection and Maintenance

QC - Welding and Fabricating Inspector

3C Metal Belmet

2019 - 2024

- Performed dimensional and visual welding inspections and final product inspection/sign-off to clients; compiled Quality Data Books.
- Inspected DNV cages to DNV 2.7-1 and 2.7-3 requirements and supported audits aligned to ISO 45001/9001 and ISO 17020.
- Supported QC activities across multiple construction/offshore projects and client upgrades (e.g., De Beers AMV3/ADS, drill ships, service companies).

QC Welding Inspector Manager/Contractor

NEC Stahl Namibia

2017 - 2019

- Prepared estimates for small maintenance jobs and projects.
- Inspected fabricated items for dimensional compliance; compiled Quality Data Books; performed visual welding checks and final inspections for client sign-off.
- Supported projects including Rossing Uranium new acid leach tanks construction and Husab Uranium hauling truck bin refurbishment (Namibia).

QC Welding Inspector Material Coordinator

EBH Namibia

2014 - 2017

- Performed QC on fabricated items and ship repairs, including dimensional checks against drawings/specifications and material standards.
- Compiled Quality Data Books and conducted visual welding checks and final inspections prior to class/client sign-off (ABS, BV, GL).
- Coordinated work executed at EBH shipyards and Namport Syncrolift (Namibia).

QC Welding Inspector Material Co-Ordinator

Kraatz Marine and Industrial

2013 - 2013

- Inspected fabricated items for dimensional compliance; compiled Quality Data Books; performed visual welding checks and final inspections for client sign-off.
- Supported shipyard repairs (Namport), mining-related tipping bin work (Rossing, Navachub) and Namib Breweries stainless steel CO2 plant work (Namibia).
- Coordinated materials/inspection documentation for fabrication and repair activities.

QC Welding Inspector Material Coordinator

Fabiron Pipe and Labor Hire

2010 - 2012

- Detail-oriented
- Able to manage stress and challenging situations
- Punctual
- Committed
- Competent

EDUCATION & TRAINING

- Dye Penetrant Testing (PT) Level 1 – L3gacy (Dec 2024)
- Magnetic Particle Testing (MT) Level 1 – L3gacy (Dec 2024)
- Survival Offshore BOSIET – (Aug 2024)
- OGUK Medical – Dr. Brauer (Aug 2024)
- Safety Champion Award – 3C Metal Belmet (Oct 2022)
- General Paint Applicator PA 1 – SAQCC (Jul 2014)
- Leadership & Management Development Series – O & L (Apr 2013)
- Welding & Fabrication Inspector Level 1 – SAIW (Dec 2011)

Quality, Integrity, Reliability

Ocean Inspection and Maintenance
30 Cecil Street, 19-08 Prudential Tower,
Singapore, 049712

- Performed QC support for refurbishment and repair of pipelines in the petrochemical industry.
- Compiled Quality Data Books and completed final product inspections prior to client handover.
- Worked across Transnet Pipeline (TPL) depots including Johannesburg, Secunda and Durban (South Africa).

QC Welding Inspector Material Coordinator

Fabricon Pipe and Labor Hire

2009 - 2010

- Performed QC support for refurbishment and repair of pipelines in the petrochemical industry.
- Compiled Quality Data Books and completed final product inspections prior to client handover.
- Worked across Transnet Pipeline (TPL) depots including Johannesburg, Secunda and Durban (South Africa).

Operator

Wartsila Marine (Walvis Bay, Namibia)

2007 - 2009

- Reconditioned propeller blades and ensured products met required quality standards.
