

# Quality Control Inspector

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

## EXECUTIVE SUMMARY

Experienced Quality Control Inspector with a strong background in instrumentation and calibration within the oil and gas industry. Proven ability to ensure high standards of quality and reliability in equipment and services. Skilled in managing customer relations and service coordination under tight deadlines. Committed to safety and meticulous in inspection processes, with a focus on continuous improvement and efficiency.

## KEY ACHIEVEMENTS

**Quality Control Excellence:** Ensured all equipment met high standards before delivery, significantly reducing customer complaints.

**Service Coordination Improvement:** Streamlined service processes, enhancing customer satisfaction and timely project completion.

**Machining and Inspection Skills:** Performed detailed inspections and machining operations, contributing to operational efficiency.
