

# Rope Access Maintenance Technician (IRATA Level 2)

FU

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

## EXECUTIVE SUMMARY

Rope access maintenance technician with offshore experience in Angola, supporting FPSO operations across multiple Total E&P assets. Background includes storekeeping/stock control, blasting and painting, and rope-access-based maintenance activities on piping and structures. Experienced in general maintenance support, fire and gas equipment maintenance, rigging support, bolt torqueing/preservation, and assisting multiple service providers with installations on board. Trained to IRATA Level 1 and Level 2 and familiar with offshore safety requirements including STCW95 modules. Recognized as proactive, reliable, and safety-minded with the ability to learn multi-discipline techniques.

## KEY ACHIEVEMENTS

**Offshore stock control support (Block 17):** Supported offshore logistics as a storeman/stock controller on Block 17, contributing to materials availability for operations on the African Worker.

**Protective coating work on major FPSOs:** Performed blasting and painting to protect asset integrity on DALIA, GIRASSOL, PAZFLOR and other offshore installations for Total E&P Angola.

**Core rope access maintenance team (Greater Plutonio):** Served as core crew rope access maintenance team member on FPSO Greater Plutonio, supporting maintenance, equipment installation assistance, and rescue readiness.

## PROFESSIONAL EXPERIENCE

### Storeman / Stock Controller

New Rest, Angola offshore (Block 17)

2009 - 2012

- Managed offshore storekeeping and stock control activities to support operations on Block 17.
- Handled materials receiving, storage, and issuing to offshore teams.
- Maintained inventory records and supported logistics coordination.

### Painter and Blaster

Prezioso, Girassol FPSO, Total E&P Angola

2012 - 2013

- Performed blasting and painting activities on offshore facilities to maintain protective coatings.
- Prepared surfaces and applied coatings in accordance with offshore procedures.

## TECHNICAL SKILLS

- Rope access (IRATA Level 1, IRATA Level 2)
- Blasting and painting / protective coatings
- Surface preparation and coating application
- Offshore maintenance support (FPSO)
- Fire and gas equipment maintenance support
- Rigging (chain blocks)
- Bolt torqueing and preservation
- Confined space rescue support
- STCW95 safety training modules
- Scaffolding assembly
- Industrial instrumentation knowledge
- Isometrics (learning/reading)
- Microsoft Word
- Microsoft PowerPoint

## SOFT SKILLS & PERSONALITY TRAITS

- Proactive
- Responsible
- Problem-solving
- Reliable
- Strong communication
- Strong interpersonal skills
- Self-motivated
- Flexible
- Dedicated
- Team player
- Ability to learn multi-discipline techniques

## EDUCATION & TRAINING

Quality, Integrity, Reliability

Ocean Inspection and Maintenance  
30 Cecil Street, 19-08 Prudential Tower,  
Singapore, 049712

- Supported corrosion protection work on structures and equipment.

### **Painter and Blaster (Rope Access Level 1)**

Total E&P Angola (DALIA, GIRASSOL, PAZFLOR)      **From 2014 – 2016**

- Executed rope-access-supported blasting and painting to protect asset integrity via protective coatings.
- Coated piping components (flanges, valves, bolts) and structural elements.
- Performed surface preparation and coating application in line with offshore standards.

### **Rope Access Maintenance Technician (IRATA Level 1)**

FPSO Greater Plutonio, Block 18, Angola      **2017 – 2019**

- Provided general rope access maintenance support including rigging chain blocks, bolt torqueing, and preservation.
- Supported fire and gas equipment maintenance and assisted service providers with equipment installations requiring rope access.
- Participated in confined space rescue team and Greater Plutonio rescue team activities.

### **Rope Access Maintenance Technician (IRATA Level 2)**

FPSO Greater Plutonio, Block 18, Angola      **2019 – 2020**  
**(Currently)**

- Delivered rope access maintenance support including rigging, bolt torqueing, and preservation tasks.
- Supported fire and gas equipment maintenance and installation assistance for onboard service providers.
- Maintained readiness as part of confined space rescue and Greater Plutonio rescue teams.
