

Mechanical Technician / Rope Access Technician

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Kyle has been working as a Mechanical Technician since 2019, with hands-on experience in offshore technical mechanics. His expertise includes working with flanges, flange alignment, spool installations, compressors, actuators, borescopes, flange splitters, and valve installations. He is known for being hardworking, honest, and determined, with a strong work ethic. Kyle is both a reliable team player and a capable independent problem solver, consistently demonstrating flexibility and a keen eye for detail. Committed to continuous learning and professional development, Kyle is eager to expand his knowledge and skills. He is confident that his experience and dedication will make him a valuable asset to any company that employs him.

KEY ACHIEVEMENTS

Mechanical Technician on BP FPSO Offshore Rig: Contributed to offshore mechanical operations, assisting with valve and spool installations, and was rewarded for identifying an abnormal sound in a unit.

Workshop Management at Eddy2Race: Managed job cards and workshop quotes, performed Pre-Delivery Inspections, and supported the dealership's expansion as an official GasGas Dealer.

Rope Access Technician: Involved in high-risk structural and industrial services, demonstrating versatility across mechanical and safety systems.
