

# Rope Access Maintenance Technician / Painter (Offshore FPSO)

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

## EXECUTIVE SUMMARY

Rope access and offshore maintenance professional with 8+ years of experience supporting TOTAL E&P Angola on FPSO assets including Pazflor, Dalia and Girassol. Experienced in surface preparation, coating application and maintenance activities using specialized tools and working to required surface preparation standards (e.g., ST2/ST3). Has supported equipment removal/replacement tasks using rope access techniques and rigging/chain blocks, and has assisted inspection activities such as coating tests. Trained in key offshore safety requirements including permit to work, confined space entry and PPE standards. Known for flexibility, readiness to mobilize and ability to work effectively in teams in demanding offshore environments.

## KEY ACHIEVEMENTS

**FPSO Pazflor surface repair and maintenance:** Performed surface repair and maintenance on FPSO PAZ-FLOR using MBX, chipping hammer, sanding machine and needle gun, preparing surfaces to required ST2/ST3 quality and applying protective paint.

**Dalia FPSO equipment replacement support:** Supported removal and replacement of equipment (spools/valves) on DALIA FPSO using rope access techniques and chain blocks/rigging to lift and reinstall components.

**Pazflor painting and inspection assistance:** Maintained pipe spools and structures with protective coatings on PAZ-FLOR and assisted inspection activities including crane coating tests on SKIROS (Block 32).

**Girassol revamping project contribution:** Worked on the Girassol Revamping Project as maintenance technician and as blaster/painter, including work in water ballast tanks and on piping networks.

## PROFESSIONAL EXPERIENCE

### Maintenance Technician / Surface Repair Technician

FPSO PAZ-FLOR, TOTAL E&P Angola

2020-2021

- Performed surface preparation and repairs using MBX, chipping hammer, sanding machine and needle gun to required standards (ST2/ST3).
- Applied protective paint coatings and carried out general maintenance activities on FPSO areas.

IN

## TECHNICAL SKILLS

- Rope access (certificate of competence)
- Inspection and maintenance in specialized access (alpinist)
- Surface preparation (ST2, ST3)
- MBX tool operation
- Chipping hammer
- Sanding machine
- Needle gun
- Protective painting / coating application
- Abrasive air blasting
- Brush hand painting
- Belzona (training)
- Rigging & slinging
- Chain blocks / lifting support
- Permit to Work (Ocean Rig)
- Confined Space Entry
- Basic Safety Training (STC W91)
- PPE standards (Ocean Rig ITM BR O1/NRo6)
- Hand & finger protection (Ocean Rig ITM BR o6)
- Helicopter Underwater Escape Training (HUET)

## SOFT SKILLS & PERSONALITY TRAITS

- Teamwork
- Flexibility/mobility
- Willingness to learn
- Immediate availability
- Adaptability
- Safety-mindedness

Quality, Integrity, Reliability

Ocean Inspection and Maintenance  
30 Cecil Street, 19-08 Prudential Tower,  
Singapore, 049712

IN

- Worked in accordance with offshore safety requirements and permit-to-work practices.

### Maintenance Technician (Rope Access)

Dalia FPSO, TOTAL E&P Angola

2018-2019

- Supported removal and replacement of spools and valves during maintenance campaigns.
- Used rope access techniques with chain blocks/rigging to lift, remove and reinstall equipment.
- Prepared work areas and coordinated lifting/handling activities with the team.

### Painter / Maintenance (and Inspection Assistance)

FPSO PAZ-FLOR, TOTAL E&P Angola; SKIROS  
(Block 32)

2016-2017

- Maintained pipe spools and structures by applying protective painting systems and performing maintenance tasks.
- Performed surface preparation and coating application for corrosion protection.
- Assisted inspection work including crane coating tests on SKIROS (Block 32).

### Maintenance Technician; Blaster and Painter

Girassol Revamping Project (GRP), FPSO  
GIRASSOL, TOTAL E&P Angola

2012-2015

- Executed maintenance activities as part of the Girassol revamping project across two facilities.
- Performed abrasive air blasting and painting in water ballast tanks and on piping networks.
- Supported corrosion control and coating maintenance activities in offshore environments.

## EDUCATION & TRAINING

- Dual field Degree in Alpinist "Inspection and Maintenance in Specialized Access"
- 12 Grades
- Computer Course (Computer User)
- SADC Driving License
- STC W91 Basic Safety Training
- Confined Space Entry
- Helicopter under Water Space Training
- Certificate of Competence in Rope Access
- Painting Training
- Belzona Training
- South Africa Qualification and certification in Brush Hand
- South Africa Qualification and certification in Abrasive Air Blasting
- TOTAL Qualification N° 1
- TOTAL Certificate of 12 golden Rules
- TOTAL Certificate TOTAL's HSE
- Ocean Rig course Certificate 001 PRO 0291 Permit to Work
- Ocean Rig course Certificate ITM BR 06 Hand & Finger Protection
- Ocean Rig course Certificate ITM BR 01 (NRO6) Personal protective equipment
- Ocean Rig course Certificate care observations
- Rigging & Slinging Certificate
- Languages – Portuguese, English, French
