

Quality Technician / Wind Turbine Technician

AD

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Dedicated Wind Turbine Technician with extensive experience in offshore wind farm projects, particularly in assembly, installation, and quality control. Proven track record in performing electrical and mechanical tasks, ensuring compliance with safety standards. Strong background in managing teams and guiding technicians to achieve project goals. Committed to maintaining high-quality standards and effective communication with clients and team members.

KEY ACHIEVEMENTS

Quality Control for GE HALLIADE X: Performed quality control and inspections for the GE HALLIADE X project, ensuring compliance with industry standards.

Team Leadership in Wind Turbine Assembly: Led a team in the pre-assembly of GE HALLIADE X Nacelle, enhancing team efficiency and safety.

Successful Installation of NORDEX DELTA 3000: Contributed to the successful installation and assembly of the NORDEX DELTA 3000 wind turbine.
