

# Rope Access Painter & Blaster (IRATA Level 2)

AJ

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

## EXECUTIVE SUMMARY

Rope access industrial painter and abrasive blasting technician with IRATA Level 2 certification and extensive offshore oil & gas exposure. Experienced on multiple FPSO assets in Angola, performing surface preparation, blasting, painting and maintenance at height and in confined spaces. Has worked under rope access conditions and supported standby rescue activities in confined spaces. Familiar with corrosion protection practices and offshore safety trainings including BST and HUET. Reliable field operator with practical oilfield orientation and ability to adapt to new challenges.

## KEY ACHIEVEMENTS

**Multi-FPSO offshore experience (Angola):** Worked on several FPSO units (Girassol, Dalia, Paz Flore, Clove, Greater Plutonio, PSVM) performing rope-access blasting/painting and maintenance activities.

**Confined space readiness:** Performed standby rescue in confined spaces and reports ability to work safely in confined space environments.

**International assignment:** Completed an assignment in Dubai involving blasting, painting and net installation.

## PROFESSIONAL EXPERIENCE

### Painter and Blasting (Rope Access)

FPSO Girassol, Angola (GRP Project)

- Performed abrasive blasting and industrial painting using rope access methods.
- Executed surface preparation and corrosion protection coating tasks at height.
- Followed offshore safety procedures and work permits for rope access activities.

### Painter and Blasting (Rope Access)

FPSO Dalia, Angola

- Performed abrasive blasting and industrial painting under rope access conditions.
- Prepared surfaces and applied protective coatings for corrosion control.
- Worked at height in offshore environment in compliance with safety requirements.

## TECHNICAL SKILLS

- IRATA Rope Access Level 2
- Abrasive air blasting
- Surface preparation
- Industrial painting
- Corrosion protection coatings
- Work at height
- Confined space work
- Standby rescue (confined space)
- Net installation
- Microsoft Office

## SOFT SKILLS & PERSONALITY TRAITS

- Safety-minded
- Adaptable
- Willingness to learn
- Field-oriented

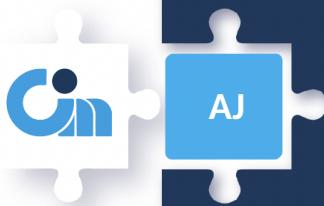

## EDUCATION & TRAINING

- 12th Grade Physical and Biological Sciences
- IRATA Rope Access Level 2
- Industrial Painter Course
- SAQCC Corrosion Protection Paint and Abrasive Air Blasting Qualification/Certification
- BST – ESSA Training Center
- HUET – ESSA Training Center
- Designer and Serigraphy
- Net Installation
- Languages – Portuguese (fluent), English (fluent)

## **Painter and Blasting (Rope Access)**

*FPSO Paz Flore, Angola*

- Carried out blasting and painting tasks using rope access.
- Supported maintenance coating works and surface preparation.
- Maintained safe work practices for work-at-height operations.

## **Maintenance (Rope Access)**

*FPSO Clove, Angola*

- Performed rope-access maintenance activities on offshore facilities.
- Supported coating maintenance and related surface preparation as required.
- Executed tasks at height following rope access safety procedures.

## **Maintenance (Rope Access)**

*FPSO Greater Plutonio, Angola*

- Conducted rope-access maintenance activities offshore.
- Supported upkeep of structures and equipment in work-at-height conditions.
- Applied safe working practices and complied with site procedures.

## **Abrasive Air Blasting and Painting**

*FPSO PSVM — Prezioso, Angola*

- Performed abrasive air blasting and industrial painting activities.
- Prepared surfaces and applied corrosion protection coatings.
- Worked within offshore safety and quality requirements.

## **Maintenance and Paint**

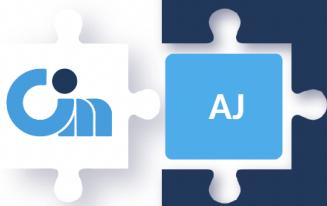

*QUP SANHA Malongo — Prezioso, Angola*

- Performed maintenance and painting activities on site.
- Executed surface preparation and coating application for corrosion protection.
- Worked at height and followed site safety procedures.

## **Standby Rescue (Confined Space)**

*Rope Access Angola*

- Provided standby rescue support for confined space operations.
- Assisted with safety readiness and emergency response during confined space entry.
- Supported rope access team operations as required.

## Blasting, Painting and Net Installation

Megarme, Dubai

- Performed blasting and painting works.
- Installed nets as part of site scope.
- Worked at height following safety requirements.
