

Rope Access Technician (Offshore Oil & Gas / Industrial Maintenance)

LM

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Rope Access Technician with around 10 years of offshore and onshore experience in the oil sector, supporting industrial maintenance and surface preparation works. Experienced in industrial painting, blasting/UHP, stripping, and general maintenance activities performed at height and in offshore environments. Has supported inspection activities as an NDT inspection assistant and performed rigging, lifting and scaffolding-related tasks on projects. Trained in key offshore safety standards including BST-STCW and HUET, with IRATA rope access certification listed. Safety-focused and team-oriented, aiming to apply biosafety and HSE standards to protect workers and support team performance.

KEY ACHIEVEMENTS

Offshore experience: Built approximately 10 years of offshore experience delivering services across multiple blocks and oil producers (offshore and onshore).

Multi-discipline rope access scope: Performed rope access work across industrial painting, stripping, blasting/UHP, and general industrial maintenance in oil & gas environments.

Inspection and lifting support: Supported NDT inspection activities as an assistant and carried out rigging and lifting-related tasks including lifting equipment inspection (MPA mentioned).

Safety and offshore readiness: Maintained offshore readiness through listed certifications including BST-STCW, HUET, medical certificate, and other required documents (e.g., sailor's book, yellow fever card).

PROFESSIONAL EXPERIENCE

Rope Access Technician

PREZIOSO-ALTRAD-LDA

- Performed rope access tasks for industrial painting, blasting and stripping, and general maintenance in oil & gas environments (offshore/onshore).
- Assisted NDT inspection activities and supported scaffolding assembly when required.
- Supported rigging/lifting activities as part of maintenance and access operations.

TECHNICAL SKILLS

- Rope access (IRATA)
- Offshore oil & gas maintenance
- Industrial painting
- Surface preparation
- Stripping
- Blasting
- UHP blasting
- General industrial maintenance
- NDT inspection assistant
- Rigging
- Lifting operations support
- Lifting equipment inspection
- Scaffolding assembly
- BST-STCW
- HUET
- SAQCC
- Scaffolding certification
- Rastabaut
- Medical certificate (fitness)

SOFT SKILLS & PERSONALITY TRAITS

- Strong sense of responsibility
- Good communication
- Dynamism
- Commitment
- Ability to work under pressure
- Teamwork and team spirit
- Team leadership

EDUCATION & TRAINING

- Law studies – Instituto Superior Atlântida

Ocean Inspection and Maintenance
30 Cecil Street, 19-08 Prudential Tower,
Singapore, 049712

Quality, Integrity, Reliability

Rope Access Technician

OIM-SERVIÇES-LDA

- Delivered rope access services for industrial painting and stripping.
- Performed general maintenance plus rigging and lifting support in offshore oil sector environments.
- Worked on offshore assignments with focus on safe execution at height.

Rope Access Technician

TOPROPE-ANGOLA-LDA

- Provided rope access services for surveying support, rigging, and general industrial maintenance.
- Performed lifting equipment inspection (MPA mentioned) and related inspection support activities.
- Supported lifting operations and safe handling of equipment in industrial sites.

Rope Access Technician

SONAMECH

- Worked as stripper and industrial painter, including blasting/UHP technician duties.
- Executed offshore rope access maintenance and surface preparation activities in the oil sector.
- Supported safe work execution in offshore environments.
