

Service Technician / Lifting Technician

DM

Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

EXECUTIVE SUMMARY

Dedicated Service Technician in the wind industry with a strong commitment to maintaining high standards in all aspects of work. Currently employed at Siemens Gamesa, specializing in service and maintenance of lifting equipment. Proven expertise in mechanical and electrical equipment, data management, and process improvement. Highly organized and adaptable, capable of prioritizing workloads to meet tight deadlines and ensure smooth operations.

KEY ACHIEVEMENTS

Lifting Equipment Examination: Thoroughly examined lifting equipment, ensuring compliance with safety standards and operational efficiency.

Laser System Assembly: Built complex laser systems, ensuring high-quality performance and compliance with specifications.

Blade Transport Equipment Inspection: Inspected and assembled blade transport equipment, maintaining accurate documentation for operational integrity.
