Presented by OIM, your trusted partner in Quality Services. We specialise in supplying top-tier Quality Inspection Personnel to integrate and reinforce your teams.

MF

EXECUTIVE SUMMARY

Mechanical Technician and Turner Machinist with extensive offshore and marine maintenance experience, including riser installation (hook-up), commissioning, and shipyard/dry-dock work. Skilled in inspection, repair and maintenance of drilling risers and associated equipment, with hands-on exposure to pressure testing and mechanical tasks in offshore environments. NDT qualified (PT, MPI and Ultrasonic Wall Thickness) with experience applying PT/MPI on riser-related components. Background includes crane/forklift operations, rigging and slinging, and maintaining safety equipment, with a strong safety mindset. Proven ability to work in multidisciplinary teams offshore and on vessels, supporting operations from installation through first oil/start-up.

KEY ACHIEVEMENTS

NDT qualification progression (2023-2024): Obtained NDT certifications including Liquid Penetrant Testing (L2), Magnetic Particle Testing (L2) and Ultrasonic Wall Thickness (L2), building on earlier LPI/MPI training with Global Riser.

Offshore FLNG turret/riser installation support: Supported riser/hook-up and turret installation activities offshore Mozambique on the Coral Sul FLNG as a Mechanical Technician.

FPSO hook-up to first oil support: Performed winch operations and mechanical support for riser installation (hook-up), commissioning, modifications and maintenance through first oil/start-up onboard FPSO Abigail Joseph offshore Nigeria.

Long-term progression in marine/industrial operations: Held multiple roles at Namdeb Diamond Corporation from fitter/turner and deckhand through safety representative and mechanical projects foreman, demonstrating progression across operations, safety and project execution.

PROFESSIONAL EXPERIENCE

Technician

Global Riser

Dec 2022 - Jun 2024

- Inspection, repair and maintenance of drilling risers, telescopic joints, pup-joints, clip-on risers and dog risers
- Performed pressure testing and supported mechanical tasks
- Conducted MPI and PT inspections

TECHNICAL SKILLS

- Mechanical maintenance and repair
- Fitting and turning (machining)
- Drilling riser inspection, repair and maintenance
- Pressure testing
- Liquid Penetrant Testing (PT/LPI)
- Magnetic Particle Inspection/Testing (MPI/MPT)
- Ultrasonic Wall Thickness Testing (UT)
- Welding and cutting
- Rigging and slinging
- Crane operations (25T overhead crane)
- Forklift operations (7T counterbalance)
- Commissioning
- Riser hook-up / installation
- Turret installation support
- Marine maintenance (shipyard/dry-dock)
- Crane maintenance
- Pneumatics
- Laser shaft alignment
- Hydraulics
- ArcGIS (ESRI)
- SAP end user
- Skipper license (under 25 tons)
- Radio operator (maritime)
